

ACCT 250

ACCT 250 Inter. Financial Accounting I

3 Credits

This course builds on introductory financial accounting concepts and principles with a focus on a more detailed study of assets and revenues. The conceptual framework underlying financial reporting is explored as a basis for reporting and analysis of financial statements. Topics include current assets, investments, capital assets, intangible assets and revenue recognition.

Prerequisites

ACCT 151 and MATH 150 or in the absence of MATH 150, the successful entry into the PDDPA Program.
