

ECON 112

ECON 112 Principles of Macroeconomics

3 Credits

We will engage in an analysis and discussion of major concepts, theories, perceptions and policies related to how economic systems work, how wealth is created and distributed, why there are business cycles, how government intervention affects us, how markets work, why trade is important, why we speak of developed and underdeveloped areas. Theoretical tools and conceptual models from various schools of thought will be used as guidelines and will be tested for validity. (3,0,0)
