

EDUA 155

EDUA 155 Practicum II

3 Credits

This 90-hour practicum continues to prepare students for work as education assistants in the school system by integrating theory with practical experience. Practicum II emphasizes competencies for Education Assistants working in the classroom environment with a focus on augmentative communication and curriculum modification and adaptation skills. More advanced skills in data gathering and writing, guiding and caring, and collaboration will be emphasized. Practicum seminars provide students with support and guidance for their field practice. Students will create individual Professional Development Plans and record progress toward their practicum goals through various assignments and activities.
