

HCAS 1010

HCAS 1010 Health & Healing: Concepts for Practice

2.5 Credits

This course provides the opportunity to develop a theoretical framework for practice. Students will be introduced to the philosophical values and theoretical understanding that provide a foundation for competent practice as a Health Care Assistant. The course focuses on concepts of caring and person centred care; basic human needs and human development; family, culture and diversity as they relate to health and healing. Student will also be introduced to a problem-solving model that will be critical to their practice.
