

HCAS 1050

HCAS 1050 Healing 1: Caring for Individuals Experiencing Common Health Challenges

4 Credits

This course introduces students to the normal structure and function of the human body and normal bodily changes associated with aging. Students will explore common challenges to health and healing in relation to each body system. Students will also be encouraged to explore person-centred practice as it relates to the common challenges to health and, in particular, to end-of-life care.

Prerequisites

Minimum B- (70%) in all previous HCA courses
