

MATH 0241

MATH 0241 Fundamental Mathematics 0241

2.5 Credits

The goal of this course is to provide students with an understanding of basic arithmetic operations. These skills will be applied to problem solving in real life situations; all Units contain examples and questions relevant to First Peoples and culture. This course is a requirement for the CCP Fundamental Certificate.

Prerequisites

Placement at Math 0241 level or credit in MATH 023
