

MGMT 150

MGMT 150 Principles of Management

3 Credits

Management is a broad business discipline, and this course teaches a traditional approach to management using the leading, planning, organizing, and controlling methods. Fundamental themes such as human resource management, strategic management, as well behavioural topics such as motivation and influence will be examined. Through a variety of case studies, research projects, group and individual presentations, students will learn to make complex management decisions. At the end of the course, students will be able to propose business solutions to complicated real-world management problems and will have improved their presentation skills.

Prerequisites

English Studies 12, English First Peoples 12 or equivalent and Math 11 or equivalent
