

PNUR 135

PNUR 135 Variations in Health 1

1.5 Credits

This introductory course provides learners with the foundations of disease and illness across the lifespan. Learners will gain an understanding of pathophysiological alterations of body systems. Nursing management of disease and illness across the lifespan with an emphasis on interventions and treatment is also discussed. Cultural diversity in healing practices is explored as well as the incorporation of evidenced-informed practice.

Prerequisites

Admission to the Practical Nurse Program. Co-requisites: Professional Communication 1; Integrated Nursing Practice 1; Professional Practice 1, Health Promotion 1, Pharmacology 1.
