

PSYC 216

PSYC 216 Research Methods in Social Sciences II

3 Credits

This is a continuation of Research Methods in Social Sciences I for those students who need two courses in research methodology. In this course we review other methods than that of experimental design. Topics in this course include quasi-experimental design, surveys and how to construct a survey, the relative advantages and limitations of quantitative and qualitative research strategies, and how to critically interpret research findings.

Prerequisites

PSYC 101 and PSYC 102
