

CARPENTRY - HARMONIZED - APPRENTICESHIP LEVELS 1-4

In 2021/2022 this trades program via Distributed Learning with a focus on blended delivery. Trades students must prepare for in-person learning on campus where practical components of training. Learn more about Distributed Learning (<https://www.coastmountaincollege.ca/programs/discover/distributed-learning/>) at CMTN.

Carpenters assemble and erect forms for concrete, wood and metal construction framing, and install interior and exterior finishing materials. A registered carpenter apprentice combines on-the-job training and technical training at CMTN to earn Journeyman classification.

Apprentices complete a four-level training program that includes 6,360 Work-Based Training (WBT) and 840 technical training hours. Each year, CMTN offers four levels of Carpenter Apprenticeship technical training. Each level of technical training is 210 hours in duration.

The Industry Training Authority (ITA) has harmonized this program to make apprenticeship training requirements more consistent nation-wide. For more details see the transition plan (<http://www.itabc.ca/sites/default/files/docs/carpenter-harmonization-transition-plan.pdf>) at the ITA.
