

CONSTRUCTION CRAFT WORKER - APPRENTICESHIP

In Fall 2020 this trades program is offered via Distributed Learning with a focus on blended delivery. Trades students must prepare for face-to-face learning on campus where practical components of training take place in a regulated manner and meet all necessary health protocols. Learn more about Distributed Learning (<https://www.coastmountaincollege.ca/programs/discover/distributed-learning>) at CMTN.

A Construction Craft Worker (Labourer) works mostly on construction sites in residential, institutional, commercial, and industrial settings, including pipelines, utilities, hydroelectric dams, roadways, bridges, tunnels, shipyards, mining, and railways. Construction Craft Worker (Labourer) tasks include site preparation and cleanup, setting up and removing access equipment, and assisting on concrete, masonry, steel, wood and pre-cast erection projects. They handle materials and equipment and perform demolition, excavation and compaction activities. They may also perform site safety and security checks.

Apprentices complete a two-level training program that includes 4000 Work-Based Training (WBT) and 240 technical training hours. CMTN offers two levels of Construction Craft Worker Apprenticeship technical training. Each level of technical training is 120 hours in duration.

Apply to CMTN

Visit Apply to CMTN (<https://www.coastmountaincollege.ca/admissions/apply-to-cmntn>) for an Admissions Checklist and to apply online.

Our Educational Advisors (<https://www.coastmountaincollege.ca/student-services/student-support/educational-advising>) are here to help if you have any questions or need guidance along the way.
