

HEAVY MECHANICAL TRADES

In 2021/2022 this trades program via Distributed Learning with a focus on blended delivery. Trades students must prepare for in-person learning on campus where practical components of training. Learn more about Distributed Learning (<https://www.coastmountaincollege.ca/programs/discover/distributed-learning/>) at CMTN.

View on YouTube (<https://www.youtube.com/watch?v=Jr-Y1yT0kbA>)

This information is intended to explain the “Heavy Mechanical” training model. This new training model will affect apprentices registered in one of the following trades: **Heavy Duty Equipment Technician, Truck and Transport Mechanic, Diesel Engine Mechanic, and Transport Trailer Technician**

The Industry Training Authority has approved a **new combined** training model for these four trades.

ITA has approved a new apprenticeship training model for the Heavy Mechanical Trades. Effective September 1, 2014 the new apprenticeship training model will begin to replace the existing Heavy Duty Equipment Technician (HDET) (<https://catalogue.coastmountaincollege.ca/programs/heavy-duty-equipment-technician-apprentice/>), Truck and Transport Mechanic (TTM) (<https://catalogue.coastmountaincollege.ca/programs/truck-transport-mechanic-apprentice/>), Diesel Engine Mechanic (DEM (<https://catalogue.coastmountaincollege.ca/programs/diesel-engine-mechanic/>)) and Transport Trailer Technician (TTT) training and certification models.

The full-time, 36-week foundation program is competency-based covering all theory and practical components for a complement of valuable technical skills. Heavy Mechanical Apprenticeships range from 6-10 weeks.

For more information, visit the ITA (<http://www.itabc.ca/program/heavy-duty-equipment-technician/>).

Apply to CMTN
